WORK EXPERIENCE

IPS HEALTH AND WELLNESS (2022-present)

As the Research and Development Assistant Manager at IPS Health and Wellness, I am responsible for executing, testing, and implementing new concepts and ideas. My role includes visualising and implementing graphics for print media (including but not limited to brochures, booklets, product packaging training manuals and other corporate items), digital marketing material (social media content, promotional videos and keeping their WordPress website up to date.

PLATINUM LIFE (2014 - 2021)

I joined the team in 2014 and got promoted to Supervisor in 2015. I designed for both print and digital media. I was also responsible for liaising with suppliers to get quotes for printed items and distributing projects between our design team.

TRUDON (2012 - 2013)

Created online and mobile advertising pages for clients in the form of websites, advertising banners and Facebook advertising.
